The Presbytery of Santa Fe
is a collaborative community
of congregations engaged
by the Triune God in
worship, education and
mission.

A Word on Per Capita and Mission Giving

The churches of Santa Fe Presbytery are asked to send contributions to Presbytery office for the work of the Presbytery, Synod, and General Assembly. The contributions are sent in two categories: 1) mission giving, 2) per capita. It is important to know that all the monies you send go to the work of the church and that it is ALL MISSION.

Some years ago the church set up these two categories which may be confusing.

1. Unified Mission giving includes joint programmatic ministries like Presbyterian Disaster Assistance, international mission, network committees and events, and youth ministry. The shared mission support from our congregations underwrites the work of the presbytery, synod and general assembly beyond what the per capita assessment can do.

2. Per capita dollars are used for and enable the operational and administrative work of the church. Examples of per capita include assembly meetings, the Stated Clerk, education and care of our pastors and those in training, and office expenses.

Total Unified Mission Giving is distributed with 82% to Presbytery, 5% to Synod and 13% to General Assembly.

Total Per Capita amount the churches are to send to Santa Fe Presbytery for 2025 is \$37.00 per member. The allocation is \$21.16 to Presbytery, \$5.00 to Synod, and \$10.84 to General Assembly.
